These surveys were conducted on the telephone by trained interviewers among adults in all states of Australia and in both city and country areas. Telephone numbers and the person within the household were selected at random. The data has been weighted to reflect the population distribution. The latest survey was conducted on 16-18 January 2004 and is based on 1200 interviews. Copyright at all times remains with NEWSPOLL. More poll information is available at www.newspoll.com.au
